

CONTENTS

BACKGROUND & CONTEXT	1
1. INTRODUCTION	1
1.1 Why update the Plan now?	1
1.2 About Washington State Ferries	3
2. POLICY FRAMEWORK	5
2.1 Washington Transportation Plan	5
2.2 What is the goal of this Plan?	6
2.3 What other factors must WSF consider?	7
3. PLANNING PROCESS	9
3.1 Analytical Approach	9
3.2 Public Outreach and Stakeholder Involvement	10
BASE LEVEL OF SERVICE	11
4. DEMAND & RIDERSHIP	11
4.1 How Much Growth is Expected?	11
4.2 How is growth going to affect ridership?	12
4.3 How much ridership is expected?	14
5. SITUATION ASSESSMENT	19
5.1 Restating the Congestion Standards in Minutes	19
5.1 Can the Base Level of Service Accommodate Expected Ridership Growth?	21
5.2 How are average wait times calculated?	22
5.3 What are the infrastructure challenges posed by the expected growth?	22
DRAFT PLAN	27
6. PROPOSED SERVICE ENHANCEMENTS	27
6.1 Draft Plan Overview	27
6.2 What is proposed for the South Sound?	31
6.3 What is proposed for the Central Sound?	34
6.4 What is proposed for the North Sound?	37
6.5 What is proposed for the San Juan Islands Corridor?	39
IMPLICATIONS OF DRAFT PLAN	41
7. COST & SERVICE IMPACTS	41
7.1 How does ridership adjust to the service in the Draft Plan?	41
7.2 Does the Draft Plan meet the Commission Service Standards?	43
7.3 Is the Plan flexible to adjust to future changes?	45
7.3 What are the Draft Plan's terminal and vessel implications?	45
7.4 How much will the Draft Plan operation cost?	51
7.5 What are the capital investment needs of the Draft Plan?	52
8. FUNDING IMPLICATIONS	55
8.1 How will operations be funded?	55
8.2 How will capital projects be funded?	57
9. POLICY IMPLICATIONS	61
9.1 What are the policy implications of the funding framework for ferry services?	61
9.2 How would the funding implications change if farebox recovery were limited to 80%?	62
9.3 Limits on Future Expansion	66
9.4 Colman Dock Expansion and the Seattle Waterfront	66
9.5 Future Role of Passenger-Only Ferries	68
9.6 Moving People Versus Moving Vehicles	68
NEXT STEPS	71
